

NE- DEN BÖBREK EMOJİSİ YOK

Kalpten beyne kadar her organın bir emoji'si var, peki ya vücudumuzun sessiz kahramanları nerede? Hayat süzgecimiz böbreklerin dijital dünyada yerini alması ve hak ettiği değeri görmesi için harekete geçiyoruz.

WHY ISN'T THERE KIDNEY EMOJI

From the heart to the brain,
every organ is represented, but
what about our body's silent heroes?
We are on a mission to bring
kidneys, the filters of our life, the
digital recognition they deserve.
